The Honorable William J. Casey Director Central Intelligence Washington, D.C. 20505

Dear Bill,

I am very pleased that you said at the VOSS party you would be willing to accept my invitation to be the Keynote Speaker at a conference on terrorism. We have scheduled a major symposium on "Terrorism and Industry: Threat and Responses," at the International Club on October 14, 1985. I hope you can make it.

This meeting is being organized by the Strategic Center of SRI (Stanford Research Institute) International and SIFT, Inc., my private consulting company. Participants will include Chief Executive Officers of American industries and senior level experts from the U.S. and abroad. We feel they ought to get the word.

The purpose of the conference would be education in the service sector. It will provide a forum for senior U.S. management to gain insight into the potential terrorist threat and to discuss the implications and possible countermeasures. We hope that this meeting would increase the awareness of management at all levels about the specific nature of the threat and the range of responses available to industry and government.

I will send you details of the conference as soon as they become available. I will look forward to your reply.

With best wishes,

Ray S. Cline Senior Adviser
